ABRIDGED PROSPECTUS.
The above Company has been established at Manila, for the purpose of taking over the Spanish Steamers LUZON, VINAYAS, ESTRELLA, SOBOGON, CAMIGUIN and BOLINAO, all of which, with the exception of the BOLINAO, are now employed in the coasting trade of the Philippine Islands.
The Steamers now running are all in perfect or, having recently been thoroughly overhauled.
After writing off 10 per cent. of the profits for depreciation, and paying 12 per cent. for Insurance, a Dividend of 18 per cent. was paid to the Shareholders in the above mentioned Steamers during the past year, and it is expected that a still more profitable business will result under the influence of larger Capital and consequent additions to the Fleet.
The New Steamer BOLINAO, built by the AMERICAN SHIP BUILDING COMPANY of Paisley, and now on her way out, has been specially constructed to enter the shallow rivers of Dagupan and Capiz, with a carrying capacity of 250 Tons deadweight, being the only Steamer in the Philippine trade of her capacity and draft.
The Company will take its own risks of Insurance, for which purpose one-fifth of the paid up Capital will be set aside to meet any loss which may arise.
Considering the handsome result obtained during the past year and the good prospects for future trade in Philippine Islands, combined with the possibility of obtaining a Government subvention in the new mail contracts to be offered next year, it is reasonably expected that a still better result will follow.
The responsibility of Shareholders is limited to the nominal amount of their shares.
Applications for Shares should be made on the accompanying form, and addressed to the General Managers.
